

Landmark
PRODUCTS LTD
Enhancing Open Space Environments

Picnic settings provide space for social gatherings. Our standard range is functional and aesthetically appealing, allowing them to fit into any local environment. Picnic settings are also available in a range of variations and materials catering for various conditions and requirements including wheelchair accessibility. Landmark can also custom engineer, manufacture and install to your site-specific application, providing the optimum solution.

Bench seating is used to provide a place to relax along walkways, community gathering spots and social destinations. Our standard range of benches are functional and aesthetically appealing. They are available in various designs and materials allowing for different environments and applications. Landmark can also custom engineer, manufacture and install to your site-specific application, providing you the optimum solution.
